The Olympic ESD is happy to once again host the Puget Sound Writing Consortium, providing exciting workshops for 2018-19.

## Saturday-Start Writers Workshops

Create a protagonist, a plot, a problem and a point-of-view: The Four P's! Add a setting, some dialogue, an antagonist and a few twists and turns. You have the basis for a short story, a children's book, or a novel. The goal of each one-day workshop is to choose your Four P's, create a basic structure and write the first few pages. Hone your writing skills. Get and receive feedback and support from a peer writing group.

**These Saturday workshops are being offered for \$50 per session thanks to state funding! Register early!**

<b>12/1/18</b>	Craft a Children's Book
<b>2/2/19</b>	Short Story Saturday
<b>4/20/19</b>	Get a Strong Start on your Novel

**SPU Clock Hours or SPU College Credits available**

**Then, save these dates for Summer 2019 Writing Workshops, which are being offered for \$120 each.**

### **Just Write: A Five-Day Workshop for Teacher Authors** **June 24 – 28, 2019 \$120**

Teachers who write are the best teachers of writing! Spend five days focusing on your writing craft. If you have a book, short story, novel or memoir in progress, join us for dedicated writing time, the support of peer-writing groups, mini-lessons on the craft of fiction and the use of mentor texts to strength your own writing.

### **Writing Strategies for K-12 Teachers** **August 5-9, 2019 \$120**

This five-day workshop includes whole group presentations, break-out sessions, daily writing time, writing groups and quick writes. Participants will have access to a PSWC website with all the strategies presented in the workshop.
